This chart is a synopsis of the lives of John and Ann Lywood's family.

- children- 6 (listed in dark purple)
- spouses of children- 1 (listed in light purple)
- grandchildren- 6 (listed in dark orange)
- spouses of grandchildren- 8 (listed in light orange)
- great-grandchildren- 35 (listed in dark blue)
- spouses of great-grandchildren- 35 (listed in light blue)

Darkened boxes indicate that the person was not living at the time of that particular census. Light gray indicates that the census was before the person's birth; dark gray indicates that the census was after the person's death.

Yellow-filled boxes indicate that the person was married at that time; light yellow indicates that the person was widowed. Blue-filled boxes (for spouses only) indicate that the person was married to a different person (a non-descendant) and light blue indicates the person was widowed from a non-descendant at that time. Red-filled boxes indicate that I was unable to locate that person in the census records. White boxes, with a note in bold, red text on the last line, indicate the unavailability of records.

Each box includes the person's age, name, occupation and domicile at the time of the census. Where an individual's name, as recorded in a particular census, differs from his or her given name, the alternate name has been included in quotes. The last row in each box gives the image file name for the appropriate census image. Boxes have been left empty of text (but filled with red) in those cases where I have been unable to locate a person in the census records.

In addition to the person's full legal name, the first column also includes his or her birth, marriage and death dates and places. Dates and places shown in parentheses are approximations or assumptions. Dates, names or places in red text indicate uncertainty about the data. **** NOTE: I have not yet formatted the text to indicate the difference between uncertainty and approximations. ****
